

**Teacher of Science  
CP Riverside School**

**Location: Nottingham**  
**Salary: £22,917 - £33,492**  
**Contract Type: Part Time (4 days)**  
**Contract Term: Permanent**

**Expires: 10.05.18**

CP Riverside School is seeking to appoint a teacher of Science who has the ability to motivate and inspire young people who have struggled to progress and achieve in a mainstream school. A passion for science is essential and helping our students to develop enquiring minds and understand fundamental science principals will be key to the role.

The successful candidate will be joining our school during an exciting period of growth and will have the unique opportunity of launching and developing the science curriculum at our school, with support from the Head of School – Teaching and Learning. You will be a key member of a small teaching team with the flexibility to design, develop and deliver your lessons to achieve real progress with each student.

In 2018/19 science will be an important subject at our school which will enable students to unlock their potential and prepare for further study and training in science in Post-16.

CP Riverside has 56 student places. The school is located in Nottingham City in a newly refurbished building on Riverside Way. We are looking to recruit a new member to our team of dedicated individuals who will contribute to achieving outstanding alternative education.

If you are looking for a different approach to education and a desire to help shape the futures of young people then click on our web link
