## It's convenient and effective

GCSEPod podcasts are designed for mobile devices, so it's like carrying a huge pile of textbooks and revision guides around with you **everywhere**.

Have an expert read and explain **everything** for you clearly and precisely with all the right facts, quotes, keywords, dates and annotated diagrams on screen.

You won't need to use it for long before you feel the **impact**. Consistent use in just 10 minute chunks is proven to support **achievement** right up to A\*.

## It will help you get organised

Create personal podcast playlists to listen to in the run-up to a test or to help with **homework**.

Use the viewing history feature to return to podcasts you found useful or access your **favourite playlist** to go over topic areas you find difficult.

Download **exam specific playlists**, with everything you need to know for that exam all organised for you.

## It can be as discreet (or loud) as you

Listen to GCSEPod podcasts anywhere with nobody knowing what you are doing. Listen **privately** on the school bus, when you're walking the dog or shopping in town.

If you want to show off just how much work you've been doing or even recommend a podcast to a friend you can use the **social networking** links on the site to connect with others.

Let's keep in touch!

## Activating your account

When your school has informed you that you have been registered with GCSEPod, you need to confirm some personal details so that you can access the site:

- 1) Go to [www.gcsepod.com](http://www.gcsepod.com) and click "login".

## My Courses

The 'My Courses' area on the site is where you can view a list of **upcoming examinations** and find out which podcasts are relevant to those exams. These podcasts are all **organised into playlists**.

You can then watch the podcast playlist to help you revise for the exam or download the individual podcasts to your mobile and do some quick revision when you're on the school bus or out and about.

Note: the playlists may not contain information about all the topics you need to revise for the exam. Please ask your teacher if you are unsure.

## Searching for your exams

Click **My Courses** on your dashboard. Here you can view upcoming exams by subject area.

The screenshot shows a course page for 'AQA CERTIFICATE: ENGLISH LITERATURE: PAPER 2'. On the left, there are two location cards: 'Geneva' with a castle image and 'Ingolstadt' with a graduation cap image. Below these is a large black arrow pointing upwards. The main content area is titled 'Books' and lists three titles: 'Lord of the Flies by William Golding' (28 chapters), 'To Kill a Mockingbird by Harper Lee' (37 chapters), and 'Frankenstein by Mary Shelley' (19 chapters). Under 'Frankenstein', there is a list of chapters with play icons, durations, download icons, and star icons. The star icons are highlighted with arrows from external text.

## What is an assignment?

An assignment is a piece of work that your teacher has set for you to complete on the GCSEPod website.

Your teacher may create an assignment which will include a playlist of podcasts for you to watch and some questions for you to answer.

The questions your teacher sets for you may be multiple choice, in which case they will be marked immediately, or free text, in which case you will need to wait for your teacher to mark them before you can see what you got right and wrong.

Once marked, you can view your results and comments from your teacher on the GCSEPod website.

## Downloading to Apple devices

There are two ways to download GCSEPod podcasts to an Apple device:

- 1) Download the GCSEPod App from the AppStore. This allows you to select a podcast and click **save podcast for offline listening** which enables you to download the podcast onto your device.
- 2) Download the podcasts to iTunes on your computer first and then sync iTunes with your device. This is particularly useful if you do not have access to the app or if you do not have an internet-enabled Apple device (for example an iPod Nano). Follow the steps below to get started.

## Download via computer & sync

Choose chapters you wish to download and click the **download** icon to the right of the chapters.

The download icon looks like this:

Choose the **Add This to My Downloads** button to download the entire title.

## Downloading Immediately

This will place your chosen podcasts in your **My downloads** section.

# Downloading to Apple Devices

## Adding to your Apple device for Mac users

Once the podcast has finished downloading, go to the Finder and view Downloads.

Click on the podcasts and they will automatically save into the Films section of iTunes.

From there, sync your mobile device through iTunes.

**IMPORTANT** - you'll now find the GCSEPod podcasts in Videos on your device. For iOS7 devices go to Videos and then Home Videos.

## Adding to your Apple device for PC users

Find your podcast on your PC. If your browser downloaded it without asking for a location, it will likely be in your 'downloads' folder – otherwise it will be in the location you saved it at.

Right-click on the podcast and press 'copy.'

Copy the podcast to **My Documents\Music\iTunes\iTunes Media (or iTunes Music)\Automatically Add to iTunes**. Right click on the folder and press 'paste'

Connect your device to your computer with the supplied USB cable and open iTunes. Click on your named device from the list on the left then click the 'Films' tab.

Ensure the podcasts are ticked to be included when the device is synced. Click 'apply' at the bottom right of your screen. Once your device has finished syncing you can disconnect it from your computer.

**IMPORTANT** - you'll now find the GCSEPod podcasts in "Videos" on your device. For iOS7 devices go to "Videos" and then "Home Videos".

Let's keep in touch!

## Downloading from the My Downloads section

If you want to download podcasts you've placed in the My Downloads section, press [My Downloads](#) at the top of the screen.

From there, you can choose to download the podcasts by pressing the [download button](#) to the right of the chapter name.

You can choose to download in either standard or high definition. We recommend high definition for use on iPad, iPad Mini, iPhones 4/4S/5/5c/5s/6, and iPod Touch 4<sup>th</sup> Gen onwards.

## MY DOWNLOADS

### SELECT YOUR DOWNLOAD QUALITY

Standard Definition:  High Definition:

#### IMPORTANT NOTE 1:

For the best viewing experience on the following devices, we recommend selecting "HD" above: iPad, iPad Mini, iPhone 4/4S/5, iPod Touch 4th Gen onwards.

#### IMPORTANT NOTE 2:

Please note that some chapters are not available to download in standard definition. If the chapters you wish to download are not available, please select "HD" above and download the high definition chapters instead.

## Download direct to your device

There are two ways to download a GCSEPod podcast to an Android or BlackBerry device.

- 1) Open the GCSEPod website on your device and download the podcasts directly.
- 2) Download the podcasts to your computer first and then connect your device to your computer and copy the podcasts to your device.

Instructions for both options can be found below.

## Downloading direct to your device

Go to [www.gcsepod.com](http://www.gcsepod.com) on your device's browser and log in.

Choose the chapter you wish to download and click the **Download** icon to the right of the chapter's name.

The download icon looks like this:

Once you've pressed the download icon, click add to **My Downloads**.

The podcast will automatically download to your phone. Choose the video application on your phone to open it.

## Downloading via a computer

The download process is exactly the same on your computer. Click the download icon of the chapter you want, then choose add to **My Downloads**.

Click **My Downloads** on your dashboard and click the download icon again.

You can then download the chapters by clicking this Icon.

## Move the file from your computer to your device

Connect your device to your computer via the supplied USB cable. If you're using a BlackBerry, it may ask you if you want to turn on mass storage mode. Click **Yes**.

If you're using an Android device, you may be prompted to choose which type of connection you wish to make. Choose the **mounted** connection type.

Go to **My Computer** and look for your device, possibly in the Devices with Removable Storage section under Removable Disk.

Drag and drop the GCSEPod file that you downloaded from its saved location into the Videos folder in your device. For Android users, this is often the DCIM folder.

Disconnect your device safely from your computer and then watch the podcast in the Videos section of your device.
